Dear Ms. Pye.

I am a highly trained lawyer with a background in business law, and I am excited by the opportunity to work for work for Pye & Martin Law Firm. I have a history of working on discrimination suits, and could step in and make an immediate impact on your firm. My objective as a lawyer is to ensure fair and equitable employment practices, and my expertise aligns with the qualifications needed for the position.

A desire to help less fortunate victims of employer discrimination has led me to volunteer with legal Aid of Utah on a continuous basis for more than a year. While my on-the-job experience has afforded me a well-rounded skill set, including first-rate mediation and leadership skills, I excel in the following areas:

- Obtaining favorable legal verdicts in the majority of cases.
- Negotiating settlements to avoid jury trials.
- Arguing cases in local and federal courts.
- Championing victims of employer discrimination and retaliatory practices.

In the course of my career I have worked for both plaintiffs and defendants in employer discrimination lawsuits. Additionally, I have a professional demeanor and have argued numerous cases as lead counsel in District Court, with a major victory for Dyion Manufacturing in 2009, I am extremely enthusiastic about Pye & Martin's focus on pursuing employee discrimination cases and would love the opportunity to contribute to your success in this area.

My resume details my additional work experience. I appreciate your time and will follow up to request an appointment to discuss how my experience and background your needs.

Sincerely,

Mira Jones. Esq.
