Dear .Mr.Hoimes,

I am a highly-trained elementary school teacher with experience teaching multiple grade levels, and i am excited by the opportunity to work at Sweetlxiar Elementary School. I have a history of creating interactive learning programs, and I am confident I could step in and immediately make an impact as a fourth-grade teacher at your school. My objective as a teacher is to foster a positive learning entombment for all students and my experts aligns with the qualifications needed for the position at your school.

A desire to maximize student education led me to improve standardized test scores by seventeen percent in my previous position. While my on-the -job experience has affected me a well-rounded skill set, including first-rate communication and motivational skills. I excel in the following areas:

- Developing creative lesson plans that meet the needs of diverse students.
- Coordinating after-school tutoring to help students outside the classroom.
- Efficiently managing classroom behavior and procedures to optimize leaning
- Meeting with parents to coordinate improvement plans.

In the course of my work I have regularity worded with other staff to improve learning opportunities throughout the school and have also implemented positive changes in my own washroom to better serer my students. Additionally, I have an energetic manner and have worked with up to 32 students at a time in ages ranging from first through faith grade. I am extremely enthusiastic about Sweettxiar Elementary Schools focus on improving test scores and would love the opportunity to contribute to your isthmus dont's goals in ensuring effective student education.

Thank you for your consideration and I look forward to learning more about this position, Please let me know if you would like any additional information to be considered for an interview.

Sincerely

Julia Dougherty
